G'morning Dave!

Attached is the Lower Harbor CAD Cell Model Executive Summary. Also included in the file is the TOC for the report. Other than a few grammatical mistakes, I believe the summary is readable and provides the information that we originally desired.

Please let me know if this meets your short-term needs for information. The current schedule is to have the report drafted by the end of September.

Note: I did not cc Elaine on this email as she indicated she is having "email Inbox capacity problems".

Tx, Bob
